

Bright Eyes Childcare Inclusion Policy

All children should have to opportunity to experience a challenging but enjoyable programme of learning and development.

Statutory framework for the Early Years Foundation Stage 2017

Our nursery setting is inclusive. This means that we will provide an equal opportunity to everyone entering our setting, regardless of their gender, nationality, ethnic origin, ability, religious beliefs, status, sexuality, age, social or economic.

Every child is an individual and unique. We will work with parents and families to ensure their individual needs and interests are met and that they are able to achieve their full potential. We will ensure that all children feel valued and that they are seen as a person first and not their special or additional need.

We will offer a flexible approach where possible to the children's care and learning and we will meet all individual needs. If a child has a physical disability, we will endeavour to reduce physical barriers to their participation in all activities where possible.

All children in Bright Eyes will be taught from an early age, to value diversity in others to enable them to grow up making a positive contribution to society.

Date of Policy: January 2018
