

In Preschool we strive to be...

PSED

'Brave Lions'

We help children shine by building strong friendships, understanding feelings and growing independence. Through kindness, routines and gentle support, children learn to believe in themselves and others.

C&L & ROLEPLAY

'Princes and Princesses'

We love chatting, storytelling and pretending! Children are encouraged to talk, listen and share ideas every day. Our role play areas spark imaginations, helping children use language to act out real-life adventures.

PD

'Tenacious Tigers'

From climbing and jumping to mark making and dressing themselves, children grow strong bodies and busy hands. We encourage active play and healthy habits so little learners feel proud of what they can do.

READING

Books open the door to magical worlds. We share stories, sing rhymes and play sound games to help children enjoy reading and develop early phonics skills.

MATHS

Maths is everywhere! We count, sort, build and explore shapes through playful activities that make numbers fun and meaningful.

PRE-WRITING SKILLS / LITERACY

UTW

Children discover the world around them by exploring nature, learning about people and communities, and using technology. We encourage curiosity, wonder and respect for differences.

ART and CREATIVITY

Creativity is celebrated every day. Children explore colours, textures, music and movement, expressing themselves freely and proudly in their own unique way.

School Readiness

We prepare children for their next adventure by building confidence, independence and positive learning habits. Helping every 'sparkly star' feel ready to shine at school.
